Part-time

At AVES Reality we pursue the vision to create a virtual copy of the earth. We are building a technology to deliver highly immersive, interactive 3D world environments at real-time. Currently we are demonstrating the benefits of our solution in collaborative projects with autonomous driving companies. We are an investor-backed team of experts with diverse backgrounds in robotics, AI, systems engineering and automotive technology management. Jump on board our early-stage startup and let's build great stuff together!

Your role and tasks:

You will be working directly with our founders team to ensure smooth operations in all areas at AVES Reality. You will be responsible for various tasks and directly be involved in the core processes of building a company. Don't worry if you do not have experience in all the mentioned fields, we will always stand with you to succeed together!

- Contribute to finance and investor relations activities
- Assist with marketing, events, as well as talent recruiting and HR operations
- Support in administrative workstreams within accounting and legal
- Organize office life and make AVES Reality an inspiring place to grow

What you need to succeed:

You are a pro-active, organizational talent and passionate to build from the ground

- Flexibility to perform in different tasks while always keeping the overview
- Creativity to find pragmatic but well-thought solutions for everyday sh*t and things that occur at an early-stage startup
- Reliability to get things done in a fast-paced environment and the braveness to make mistakes and learn from them
- Good communication skills and a mindset to learn and improve every day

Why it is cool to work with us:

- 😊 Startup culture where your work matters and your ideas shape our company
- 👉 Significant learning opportunities and a high level of responsibility
- 🏞 Office in the mountains with joint outdoor adventures and work-life balancing
- 🏠 Possibility to work remotely with regular on-site gatherings on company cost
